

# Introduction to Python

Here we learn an introduction to Python.

 Hint

Here is the hint.

---

## Listing 1 Terminal

---

```
quarto render
```

```
pwd
```

```
ls -al
```

---

## Downloads

## Math

Here is some math, which is inline:  $f(x) = x^2$ .

And here is some math in display style

$$\sum_{i=1}^n i = \frac{n(n+1)}{2}.$$
